

Amsterdam

This is Amsterdam. It's the capital city of Netherlands. It's in the west of the country. Amsterdam is located on rivers Amstel and IJ, and many canals. The population is about 800 thousand.

This is the flag of the Amsterdam.

This is the coat of arms of Amsterdam.

Amsterdam is a beautiful city. The canals are the symbol of Amsterdam. There are over 160 of them. The three largest are: to Herengracht, Keizersgracht and Prinsengracht.

Herengracht
Prinsengracht

Keizersgracht

You can see a lot of famous buildings there,
for example:

Old Royal Place,

Oude Kerk,

De Waag.

There are old historic churches and museums.

There is Olympisch Stadion.

You can see there Amsterdam Light Festival.
The historic city center is illuminated by
wonderful works of light.

My favourite thing are fields of colorful tulips and windmills. Windmills are one of the symbols of the Netherlands. Everyone has their own name.
